

GERMOKIL

Scented detergent sanitizer

DESCRIPTION:

GERMOKIL is an innovative cleanser, bactericide and germicide concentrate, designed for all washable surfaces such as floors, tiles, doors, kitchens, toilets, etc..

Contains salts of quaternary ammonium antibacterial, special surfactants also make the product low foaming effect.

The high concentration of active sanitizing GERMOKIL gives a high power sanitizing and deodorizing, making it suitable for the elimination of bad odors produced by decaying organic substances and sanitizing of the jets of hot tubs, saunas and food contact surfaces.

GERMOKIL is effective against all types of dirt, in fact is also suitable for cleaning machines and single-brush, as well as for hand washing and machine washing, in the last rinse alone or together with the softener.

Product according to Law 155 on H.A.C.C.P.
