

DISITANK 2X STRONG

Super concentrated descaling and sanitizing detergent for toilet cisterns

Registered in Germany
Gemeldetes Biozid-Produkt Classe PT2*

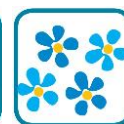

Adjuvant in the prevention of

Bacteria

Molds

DESCRIPTION:

Descaler, super concentrated sanitizing detergent specific for the removal of limescale deposits, encrustations and blackening such as rust and stubborn dirt that form inside toilet cisterns, squats, urinals, etc. Thoroughly whitens and sanitizes surfaces, neutralizing unpleasant odors. It does not attack plastic or rubber parts and components.

APPLICATIONS:

DISITANK 2X STRONG is indicated for the sanitization and descaling of flush cisterns, both built-in and external, of homes, public places, industries, workshops, shops, etc.

METHOD OF USE:

Close the water entering the tray, then pour about 250 ml of product and leave to act for about 10 - 15 minutes. Completely unload the cassette and repeat the operation. Finally, drain again, making sure to rinse thoroughly.

It is advisable to carry out the treatment periodically every 2 - 3 months, depending on the hardness of the water.

TECHNICAL DATA:

Appearance	viscous liquid
Color	light blue
Odor	characteristic
pH	1,0 ± 0,5
pH solution at 1 %	2,5 ± 0,5
Density	1,20 ± 0,05 g/ml
Flash point	not inflammable
Solubility in water	soluble

STORAGE:

Always keep containers tightly closed, away from direct light and heat sources.
Store at temperatures between -6 and +40 ° C.

INGREDIENTS

Aqua, Chloridric Acid, Phosphoric Acid, Cetrimonium Chloride, Sodium Xylenesulfonate, parfum, C9-11 Alcohols, Alcol Etossilato, Butylphenyl methylpropional, Linalool, Citronellool, Alpha-isomethyl ionone, coloranti.

PACKAGES:

Item code DISTK2X0500, Bottles of 500 ml, boxes of 16 pcs.
