

FIRENET

DESCRIPTION:

FIRENET is a degreasing detergent for fireplace, oven and cooker glasses. It is a specific product to penetrate, dissolve and remove carbon residues and soot, incrustations, animal fat and grease in general from surfaces as fireplace, barbecue, oven and cooker glasses, working plans and tools without rubbing. It is also excellent for the removal of greasy deposits in workshops. **Product according to law 155 on H.A.C.C.P.**

INSTRUCTIONS FOR USE:

If sprayed pure using the special dispenser it forms a dense foam able to remove carbonized dirt from surfaces. Let the product act, then remove the dissolved residues with a cloth. It can be used on tiles diluting at 1:10.

Warning: Do not use on marble or lime stone.

TECHNICAL DATA:

Appearance	straw liquid
Odor	odorless
Color	blue
pH at 20 °C (sol. 1 %)	12,00 ± 0,5
Relative density	1,090 ± 0,020 g/cm ³
Boiling point	> 100 °C
Dry residue (% at 105 °C)	19,4 ± 1 %
Water solubility	soluble

PACKAGING:

Bottles - 750 ml.

INGREDIENTS:

Aqua, Dipropilenglic Metiletero, Triethanolamine, Potassa Caustica, Cocamide Dea, Sodium Lauryl Sulfate, Sodium C10-14 Alkylbenzenesulfonate, Cocamido Propylbetaine, dyes.
