

PVC TAPES

DESCRIPTION:

Plastic PVC band cadmium free, for the identification and the covering of pipes. When applied on the different types of insulation they make pipes impermeable and moderately weatherproof.

TECHNICAL FEATURES:

Thickness	0,100 mm
Specific weight	1,28 g/ml
Weight	120 g/m ² (tolerance 5 %)
Long. breaking load	> 16 Kg/cm ²
Transv. Breaking load	> 150 Kg/cm ²
Long. Breaking elongation %	> 130 %
Transv. breaking elongation %	> 120 %
Long. breaking resistance	> 12 Kg/mm
Transv. Breaking resistance	> 16 Kg/mm
Dimensional stability @ 80 °C	< -5 mm

COLOURS AVAILABLE:

White, red, blue, green, grey, ISO-grey.
